## **Pepperell, MA Mill Site Market Analysis**

### **Introduction and Background**

Established in 1775, the Town of Pepperell, Massachusetts, is located about 35 miles northwest of Boston where the Nissitissit River joins the Nashua River. Village and rural characteristics combined with historical features continue to give Pepperell a special feel, while reflecting its mill town and farming community roots. Riverfront views, woodlands and rolling hills all contribute to the Town's natural beauty. Pepperell's recreational/sporting venues boast riding facilities, a skydiving center, a biking trail and areas for fishing. Encouraging equine activities in town is the goal of the Pepperell Horse Owners Association.

Located in the center of Pepperell, the approximately 12-acre industrial site (with its closed paper mill) is adjacent to both residential areas and the Town's primary business district. Included on the site are badly deteriorated mill buildings, a cogeneration plant that is being dismantled and removed and a small, non-contiguous parking area. Additionally, this site adjoins the Nashua River and has access to two Town streets.

Furthermore, the primary area has numerous subterranean tunnels and structures related to past uses on the site, but as-built plans are lacking. On the positive side, utilities including water, sewer, gas, and electricity are available to the site. The primary zoning of the site is industrial, but there is an applicable mixed-use overlay provision, adopted by the Town in 2006.

Pepperell lies right on the Massachusetts side of the border with New Hampshire (where there is no sales tax), and is fifteen minutes away from the major retail/commercial areas of Nashua. No major highway is located in or closely adjacent to the Town of Pepperell.

The Town of Pepperell in partnership with Pepperell Realty, LLC wants this site analyzed to determine its highest and best uses (industrial, commercial, residential, office and retail) in order to effect its most viable potential re-use.

In order to put the demographic, economic and market information in proper perspective, Bartram & Cochran also reviewed the following information:

## **Demographic Analysis**

Appendix A contains the US Census 2000 baseline information for Pepperell, Middlesex County and the State of Massachusetts including the following key data:

### General Characteristics

- ◆ Population by Sex and Age
- ◆ Median Age
- ◆ Population by Race
- ◆ Household Data
- ◆ Households by Type
- ◆ Average Household Size

### Social Characteristics

- ◆ School Enrollment
- ◆ Educational Attainment
- ◆ Marital Status Breakdowns
- ◆ Nativity
- ◆ Place of Birth
- ◆ Housing Units

### Economic Characteristics

- ◆ Employment Status
- ◆ Commuting Status
- ◆ Occupational Categories
- ◆ Industries
- ◆ Class of Workers
- ◆ Income by Categories

### Housing Characteristics

- ◆ Units in Structure
- ◆ Year Structure Built
- ◆ Rooms
- ◆ Vehicles Available
- ◆ Selected Characteristics
- ◆ Housing Value Categories
- ◆ Median Value
- ◆ Gross Rent
- ◆ Gross Rent as a percentage of household income

This baseline information for Pepperell is most useful when placed in the context of how it compares with Middlesex County and the State of Massachusetts since it will then have more relevant meaning. Below is a comparison of key data for these three geographical areas with noteworthy variations among the three in **bold**:

	Pepperell	Middlesex County	Massachusetts
Population	11,142	1,465,396	6,349,097
Median Age (years)	35.3	36.4	36.5
% 21 Years + Over	<b>66.1%</b>	<b>73.7%</b>	<b>72.3%</b>
% 65 Years + Over	<b>7.5%</b>	<b>12.8%</b>	<b>13.5%</b>
Total Households	3,847	561,220	2,443,580

Median Monthly Mortgage and Ownership Costs	<b>\$1,371</b>	<b>\$1,556</b>	<b>\$1,353</b>
Median Gross Rent	<b>\$697</b>	<b>\$835</b>	<b>\$684</b>

Some observations to be drawn from the above (2000) comparisons between Pepperell and the county and/or state include:

- ◆ Pepperell’s population is somewhat younger overall than the county or the state with a larger average household size
- ◆ Pepperell has less vacant housing and a much higher owner occupancy (versus rental)
- ◆ Pepperell has a substantially higher population in the labor force and a longer average commute to work; education levels are lower than the county
- ◆ Pepperell has a lower percentage of workers in management/professional (vs. the county) and service positions; but a higher percentage in construction jobs and production/transportation positions
- ◆ Industry sector wise, Pepperell has a higher percentage of workers in construction, manufacturing and retail; with a lower percentage in financial services, professional occupations, education and health services, and arts and entertainment
- ◆ A slightly higher percentage of workers in Pepperell are in the private sector and less in the government sector
- ◆ Pepperell has a higher median household income than the county or state with a lower percentage of families below the poverty level
- ◆ Housing wise, Pepperell has a significantly higher percentage of single family detached housing; and on the automobile side of the equation a substantially higher percentage of households with 2 or more vehicles
- ◆ Median house value (in 2000) in Pepperell was higher than the state but lower than the county
- ◆ *With housing operating costs as well as rental costs lower than the county, combined with a higher median income than the county, purchasing power for Pepperell residents exceeded that of Middlesex County residents, overall*

Municipal data from the Massachusetts Department of Revenue shows the following population trend for Pepperell:

<b>Year</b>	<b>Population</b>
1990	10,098
1995	10,427
2000	11,142
2001	11,358
2002	11,418

2003	11,435
2004	11,434
2005	11,408
2006	11,412
2007	11,409

From 1990 to 2000, Pepperell’s population grew by 10.3%. However, there was a much more modest 2.4% growth from 2000 to 2007 with no significant changes from 2004 through 2007, indicating a relatively stable population base since 2000.

Projections out to 2030 for Pepperell’s population were prepared by MassHighway in consultation with NMCOG as follows:

<b>Year</b>	<b>Population</b>
2010	14,150
2015	17,120
2020	18,660
2025	20,300
2030	22,450

However, the projection model used has produced results that are improbable. For example, the 2000-2010 growth rate would be 27%. This is unreasonable given the fact that only 2.4% growth occurred between 2000 and 2007. Employment projections for Pepperell from MassHighway (in consultation with NMCOG) are also significantly out of synch with the most recent actual data.

Alternatively, the 2008 FinePoint Associates Downtown Business District and Mill Site Study more reasonably projected Pepperell population growing from 11,840 in 2008 to 12,082 in 2013 (based on ESRI BIS forecasts). Similar forecasts for median household income predicted an increase (from \$65,162 in the 2000 census) to \$89,073 in 2008 and \$102,685 in 2013.

*In reality, projections of any sort are particularly difficult at this time given the unusual economic circumstances that national, state, regional and local economies are facing.*

Statistics from the MA Department of Workforce Development show unemployment in Pepperell increasing from 3.5% in December, 2007 to 4.0% in November, 2008 and then 4.9% in December, 2008, again reflecting the impact from recent economic conditions. Massachusetts overall went from 4.3% to 6.5% from December, 2007 to December, 2008, while Middlesex County went from 3.2% to 5.2%.

All of this information will be utilized further in determining the potential best uses for the Mill site—after additional information, particularly qualitative responses, has been gathered later in the study.

## Business Analysis

Appendix B contains an inventory of Pepperell based businesses (with a total of 572) based on records supplied by the Town Clerk and Assessor's office. This inventory was categorized into its various sectors to produce a current assessment of the types of businesses in town, as follows:

Category	Number of Businesses	Percentage of Businesses
<b>Restaurants</b>	13	2.3%
<b>Hospitality</b>	1	0.2%
<b>Food Stores</b>	7	1.2%
<b>Horse Related / Farms</b>	18	3.1%
<b>Financial Services</b>	34	5.9%
<b>Professional Services</b>	68	11.9%
<b>Retail</b>	66	11.5%
<b>Business Services</b>	70	12.2%
<b>Personal Services</b>	56	9.8%
<b>Creative Arts</b>	19	3.3%
<b>Family Services</b>	2	0.3%
<b>Health / Fitness</b>	24	4.2%
<b>Wholesalers</b>	6	1.0%
<b>Government / Associations</b>	1	0.2%
<b>Manufacturers / Assembly</b>	18	3.1%
<b>Auto Related</b>	31	5.4%
<b>Construction/Renovation/Repair</b>	138	24.1%
<b>TOTAL</b>	<b>572</b>	<b>100%</b>

Once again, to put this information into a more meaningful context it is worthwhile to compare the Town of Pepperell with the region (Middlesex County) and the State of Massachusetts. Appendix C shows the latest (2006) U.S. Census information for each of these geographic areas with a breakdown by business sector (including the number of businesses, total annual payroll information and the number of employees). Most relevant for this analysis is the percentage breakdown by business sector which although slightly different than the categories in the above business inventory, is close enough to provide useful perspectives. Percentages in the table below represent number of businesses in that category (as opposed to some of the earlier census information showing *number of employees* in a business category). Noteworthy variations among the three geographic areas are noted in bold.

<b>Business Sector</b>	<b>Pepperell</b>	<b>Middlesex County</b>	<b>Massachusetts</b>
Agriculture	0.5%	0.1%	0.2%
Construction	<b>26.9%</b>	<b>10.5%</b>	<b>11.1%</b>
Manufacturing	4.3%	4.3%	4.4%
Wholesalers	<b>3.8%</b>	<b>5.7%</b>	<b>4.9%</b>
Retail	<b>10.6%</b>	<b>12.4%</b>	<b>14.6%</b>
Transportation/Warehousing	2.4%	1.8%	2.1%
Information	2.4%	3.0%	2.1%
Finance & Insurance	<b>2.4%</b>	<b>5.1%</b>	<b>5.6%</b>
Real Estate	4.3%	4.0%	4.1%
Professional	<b>11.5%</b>	<b>16.2%</b>	12.7%
Administrative	6.3%	5.5%	5.3%
Educational Services	<b>2.4%</b>	<b>1.6%</b>	<b>1.4%</b>
Health /Social Services	<b>4.3%</b>	<b>9.9%</b>	<b>9.9%</b>
Arts/Recreation	<b>0.5%</b>	<b>1.6%</b>	<b>1.7%</b>
Accommodation / Food Services	<b>5.3%</b>	<b>7.6%</b>	<b>8.8%</b>
All Other	12.0%	10.8%	11.0%

Quite clearly, Pepperell has a much higher proportion of construction related businesses than either the county or the state. On the other hand retail, wholesale and financial services are relatively less represented in Pepperell than in either of the other two larger geographic areas. Professional services are less represented in Pepperell than in the county overall. Health and social services appear under-represented in Pepperell compared to Middlesex County and the State of Massachusetts. Similarly, restaurants and hotels and related businesses are relatively more prevalent in the county and the state than in Pepperell.

In the FinePoint Associates Downtown Business District and Mill Site Study, the following table (source: ESRI Business Information Solutions) portrays estimated Pepperell resident current annual purchasing (power) by market sector:

<b>Market Sector</b>	<b>Annual Expenditures</b>
Furniture & Home Furnishing Stores	\$7,075,141
Electronic & Appliances Stores	\$7,334,504
Building Materials, Garden Equipment	\$6,104,699
Food & Beverage Stores	\$29,530,206
Health & Personal Care Stores	\$8,026,216
Clothing & Clothing Accessories	\$10,990,860
Sporting Goods, Hobby, Book, Music	\$3,179,648
General Merchandise Stores	\$10,388,491
Miscellaneous Store Retailers	\$3,150,490
Food Services & Drinking Places	\$25,077,185
<b>TOTAL</b>	<b>\$110,857,440</b>

From a purely retail perspective, the FinePoint Associates Downtown Business District and Mill Site Study indicated that representatives from the community identified the strongest competing retail as located to the north and east—especially in Nashua, NH, which is sales tax-free. In that same study, sales leakage—the amount of purchases that residents are making outside of Pepperell—was identified for all categories of sales other than at Health and Personal Care Stores. This latter situation has a number of possible explanations including purchases made by customers from outside of Pepperell or with the lack of a major supermarket nearby, residents are buying supermarket type items at a drugstore.

While there is leakage in virtually all categories, unmet demand (in potential sales dollars) is highest for supermarkets, restaurants, clothing stores and other general merchandise. However, also determined in the analysis were the categories with the most extreme leakage—those where a 30% capture rate of the unmet demand would be sufficient to support a new business (given typical store sizes). These were determined to be clothing stores, other general merchandise stores and home furnishing stores.

Finally, that study indicated that traffic counts on Main Street near the downtown business district and the mill were approximately 10,400 per day.

All of this information will be utilized further in determining the potential best uses for the Mill site—after additional information, particularly qualitative responses, has been gathered later in the study.

## Housing Analysis

Homes for Sale in Pepperell in mid-February, 2009, were listed on ZipRealty.com (total of 61) and RealEstate.com (total of 49), as follows:

### Homes for Sale in Pepperell, MA Mid-February, 2009

Average	2,297	\$353,808	2,235	\$365,488
Median Price		\$364,900		\$364,900

Across both housing sources, homes ranged from \$135,000 to \$889,900 with a median price of \$364,900 and an average price of \$353,808 to \$365,488. Average home size was 2,235 SF to 2,297 SF.

As the economy deteriorated in 2008, home sale prices were similarly impacted. According to RE/MAX of New England, Massachusetts home sales dropped by 13% from 64,395 in 2007 to 56,001 in 2008, with related average home selling prices dropping 9% from \$398,724 in 2007 to \$363,103 in 2008. The Warren Group reports that the median selling price for a single family home in the state was \$305,000 in 2008, plunging to \$267,250 by December, 2008.

In Middlesex County, The Warren Group reports that 2008 sales volume (from January through November) on single family homes was down by 14% from the same period in 2007, with selling prices off by 8%--roughly the same as the state overall. Fourth Quarter, 2008 median sale price was approximately \$325,000 in Middlesex County (according to city-data.com).

In Pepperell, 2008 home sales were down 20.3%, dropping from 123 to 98, with median sales price in the Fourth Quarter of 2008 falling to the area of just under \$200,000 from roughly \$280,000 in the Fourth Quarter of 2007 (according to city-data.com).

Expectations from state realtors (according to RE/MAX) are that the 2008 trends will continue into 2009, but that low interest rates and more realistic pricing will start to yield improvements in the second half of this year. It should also be noted that these are general trends with substantive variation possible within the state, and among and within counties as well as municipalities.

All of this information will be utilized further in determining the potential best uses for the Mill site—after additional information, particularly qualitative responses, has been gathered later in the study. Details on other (future) housing projects as well as days-on-the-market statistics will be explored during the information interview process.

## **APPENDIX A**

**General Characteristics**  
**Social Characteristics**  
**Economic Characteristics**  
**Housing Characteristics**

**Within each category information is first displayed for the State of Massachusetts,  
then Middlesex County and then for Pepperell (zip code 01473)**
