New Business

- ❖ Portable classrooms are to be demolished this spring. Fire department is interested in burning them for training.
- ❖ An extensive review of the final draft of the committee's report was completed. Adjustments and additions were addressed. Over the course of the next two weeks, we will finalize the report and submit to the BOS following our next meeting. Goal is to provide the final report two weeks in advance of our BOS presentation to give ample time for BOS to review and familiarize themselves with the Committee's final assessment.
