Re: Mass Composting Group, Inc., 161 Nashua Road Reclamation Project

Dear Regional Director Pigsley:

The Town of Pepperell understands that Mass Composting Group, Inc. (MCGI) has provided a supplemental submission to MassDEP in response to the Department's July 27, 2018 Review of the Soil Management Plan. The Town has not yet received a copy of the submission but would appreciate you forwarding same to my attention and Special Town Counsel, David McCay.

As you may be aware, MCGI met with the Town's Board of Selectmen on August 20, 2018. The Town anticipates a further public meeting with MCGI and the Board of Selectmen, in accordance with Interim Policy # COMM-15-01, after the Town has received and had an opportunity to review MCGI's supplemental submission.

Finally, please be advised that MCGI has not yet applied for any local permits that would be needed in connection with the proposed project, including wetlands/conservation, zoning, etc.

Should you have any questions, please do not hesitate to contact me.

Very truly yours,

John Moak
Town Administrator
