Re: Mass Composting Group, Inc. 161 Nashua Road Reclamation Project

Dear Attorney Main:

Thank you for meeting with the Board of Selectmen on August 20th, 2018 on behalf of your client, Mass Composting Group, Inc. (MCGI). As MCGI indicated at the August 20th meeting, the Town understands that MCGI is preparing a supplemental submission to MassDEP addressing the Department's July 27th, 2018 Review of the Soil Management Plan. I understand that the supplemental submission has been provided to MassDEP. Would you please forward a copy to my attention?

Upon receipt of MCGI's supplemental submission and an opportunity to review same, the Board anticipates scheduling a further public meeting with MCGI to review the MCGI's project proposal in accordance with the MassDEP Policy # COMM-15-01.

Very truly yours,

John Moak
Town Administrator
