The Planning Board shall serve as the Special Permit Granting Authority (SPGA). This authority shall ensure strict compliance with this Section. Any such Special Permit issued by the SPGA shall comply with all relevant local, state and federal laws. A Special Permit for a Marijuana Establishment shall be limited to one or more of the uses specified in Appendix A, Table of Principal Uses, as specified by the SPGA. Such a use shall be located only in a zoning district that is designated for such use.

a)

In addition to compliance with M.G.L. c. 94G and 935 CMR 500 *et seq.*, the SPGA may impose reasonable conditions to improve site design, traffic flow, and public safety, and to preserve water quality, significant environmental resources and the community character of the surrounding area including, without limitation, the following:

- Minimization of the impacts of increased noise and traffic.
- Imposition of security precautions to protect personnel, consumers, residents and property.

In addition to the standard requirements for uses requiring a Special Permit, the following shall also apply to all Marijuana Establishments:

6540.1 Location.

- Marijuana Establishments are encouraged to utilize existing vacant buildings where possible.
- No Marijuana Establishment shall be located on a parcel which is within three hundred feet (300') (to be measured in a straight line from the nearest point of the property line in question to the nearest point of the property line where the Marijuana Establishment is or will be located) of a parcel occupied by a preexisting public or private school (existing at the time the

Such a facility is not, however, limited to a building. A "facility where children commonly congregate" includes, but is not limited to, facilities in which children gather for a particular purpose in a structured or scheduled manner, or which are dedicated to use by children, such as playgrounds, youth service programs, day care centers, youth sports facilities, dance schools and gymnastic schools.

6540.2 The hours of operation of Marijuana Establishments shall be set by the SPGA.

Transfer shall require an application for an amendment to the special permit, including all information required for an initial application.

A Marijuana Establishment shall be required to remove from its premises all material, plants, products, equipment and other paraphernalia within six (6) months of ceasing operations. All components of the Marijuana Establishment's security plan, and all required security measures and precautions shall be continued until removal is completed.
