

To Friends and Neighbors:

We are all concerned about our ability to shop for essentials during this period of pandemic outbreak. Food is one of those essentials. In addition to local supermarkets we want to remind residents that our local farmers are entering their Spring planting season and have available produce and products for you to purchase. By buying local you are avoiding social situations that can expose you to the coronavirus. A number of our local farms offer online ordering and delivery, or call-in ordering and site pick-up where your order is delivered to you in your car.

If you do visit a farm stand, please be sure to observe the CDC guidelines regarding 6' social distancing to keep yourself safe.

And, for our local restaurants who promote farm to table business, please consider ordering take-out meals and purchasing a gift certificate to celebrate the time when the coronavirus threat has passed.

Buy local - and stay safe.

The Agricultural Advisory Board

The Herb Hill Farm: <http://www.theherbhillmicrodairy.mckain.me/> Online store available!

- **Tel: 978-888-8005**
