

Pepperell Planning Board
1 Main Street
Pepperell, MA 01463

Dear Honorable Members of the Planning Board:

We respectfully request an extension on our special permit application to May 17th, 2021.

While we do believe that the Town of Pepperell has the ability under the current Marijuana Zoning Bylaw to grant two retail special permit applications due to the number of off-premises liquor licenses issued to it by the Commonwealth of Massachusetts (8), we understand that there are multiple interpretations of this bylaw language. We are committed to working with the town to clarify the language of the bylaw through a Town Meeting process. As we have made clear through our local partnerships and application, we are excited and eager to be a contributing member of the Pepperell Business Community.

Respectfully,

Wes Ritchie
New England Craft Cultivators, LLC
